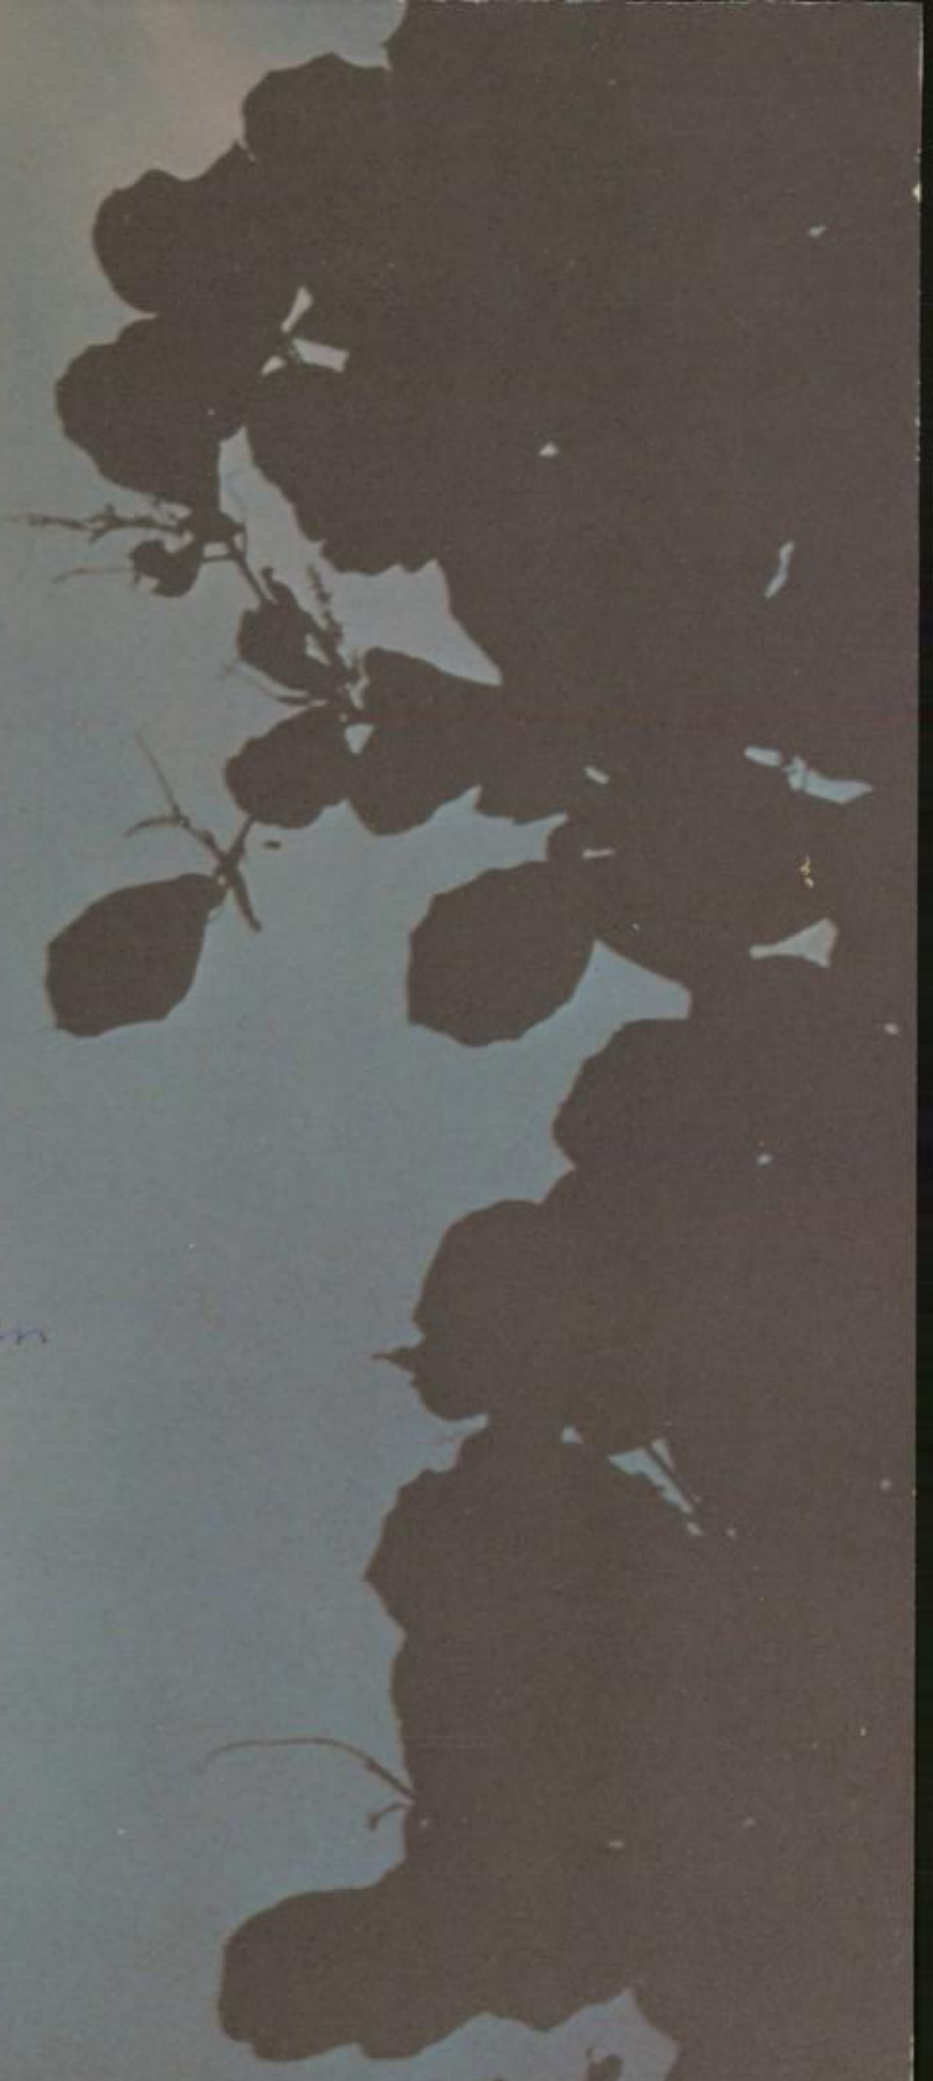
To: Steve

Can you believe it? We're Finally leaving. Four long years have just seemed to slip by But, at least we'll have the memories + friendships to hold on to. You are a very sweet guy (not to mention good-looking) and I'm glad I got to know you. Because you've really been a Friend. I probably would have died in Mrs. Rawls class without you. But, you were there + you're smile allowed me to make it through that long hour. So, Kid, although we will part in June I hope you'll always remember me because I'll never forget you. Take Care of Yourself + stay just as sweet as you are. "Until we meet again." Good Luck in all you do.

Love ya lots,
Karen Bryan

Keep in Touch!!

"Dreams Come True" Class of "82"



Steve,

I really don't know where to begin. I have known you for so many years, and yet it's strange because I'm sure we might have been closer if I hadn't moved away. I realize I didn't go far (still in plantation), but we both went our seperate ways through the years & school, but ended up together in the end. I'm glad I got to know you again. Honestly you ~~have~~ (and your family) have always been very special to me, especially you Probably cause we were the same age. Whats so neat I look back on OLD pictures and I see you and me in some of the birthday pictures little "Stevie" with his curls meaning (You) not my brother. Well, Steve I want you to know that I'll always wish the very best for you in life, and I hope that whatever you decide to do it will bring you happiness and success!! Once again we'll be going our seperate ways in life, may love and Happiness always be with you!!

Have A Beautiful Summer

All my love,
Gina Martini

Beautiful People

In the past "Outstanding Seniors" has been the title for the special seniors of our school, but it was recently changed to "Beautiful People". "Beautiful People" are not only outstanding, but they are also very special people. They are the type of people that don't use their energy putting on a performance, maintaining a pretense, or manipulating others. Instead these people are extremely reliable and trustworthy. They are also responsive, authentic, and dedicated. "Beautiful People" strive to be themselves. When they commit themselves to a school or community activity, you can depend on these special people. They are very appreciative of their school and their surroundings. They are respectful to the teachers and people around them, and devote their time helping others.

These qualities are in every person but expressed differently. The following 30 people were selected because they have shown the qualities listed above. They were nominated by their classmates at a Senior Class Meeting.

Here are what a couple of students felt about "Beautiful People." "Beautiful People was good because it covered a larger variety of people instead of placing them in categories", said Kathy Kartrude. "I think they should have left it the way it was. It turned out that way anyway", said Scott Stoudenmire.

A Fad is Something

Through the years each decade has had those small things in dress, customs, and play toys that have made it unique — The twenties had the Flapper dresses; The thirties had the Talking Movies and Vaudeville; The forties had Rosie the Riveter and Dr. Spock; In the fifties rock-n-roll made it big, also popular was the D.A. haircut, the hula hoop, and Davy Crockett; The California surf sound; Kennedy's Camelot, the Lad's from Liverpool, and hippies were all popular in the sixties; In the seventies there were flower children, anti-war movements, and earthday. Now in the eighties, we have New Wave, the Rubik's Cube, Heavy Metal, and many more to come.

"America"

The Homecoming Parade consisted of all the service clubs, the school band, the cheerleaders, horses, and was led by the U.S. Marine Corps. There were clowns throwing candy out to all the cheering students.

During Homecoming Week there was also Crazy Day. This is the day when everyone dresses in their craziest outfits. The students and teachers both participated in this activity.

Many Events

"America" from the movie "The Jazz Singer" was this year's Homecoming theme. Hallways were decorated reflecting different cities and states across the wide expanse of our borders. Many events took place during Homecoming week which was highlighted by the football game against Deerfield and the dance at Justin's. A hardhitting defense moved the Colonel's to an almost win in a hard fought show of strength. Honors for the 1981 Homecoming Court went to the following: GiGi Combs, Lisa Burich, Diane Dana, ATRA Tracey Latimer, Paulette Williams, Karen Bryant, Beth Hardy, CiCi Coffee, Lisa Colarusso, and Lisa Burich.

This year our bleachers at the P.A.L. field were condemned. But that didn't stop the students from supporting our football team.

Student Council tried their hardest to have as many possible activities and tried to make each year even better than the year before. They also make it exciting for all the students, according to Student Council President, Lisa Burich. Pep Rally participation has gotten better, she said.

GUARDIAN ANGELS

Spirit Boosters

The Wrestlettes are more than just cheerleaders for the wrestlers. They perform many jobs for the wrestlers such as selling tickets, running the score board, bringing refreshments to the wrestlers and such. This year the Wrestlettes held a car wash to pay for their new uniforms. There were sixteen Wrestlettes in all including their captain Lisa Brooks and Coach Bowels.

The Guardian Angels for the 1981-82 football team were headed by Mr. Roland. The Guardian Angels for every game helped their single player by giving them a gift or some food, or even just a card for good luck. The Guardian Angels remained anonymous until after the last game when they finally met their player face to face.

It might have been the M&Ms, or it might have been the special message, but something sparked Liz Bridges to 12 consecutive serves that led Plantation High to a berth in the state Class AAAA volleyball tournament Friday night.

The Colonels overcame an awesome spiking display by Seminole High's Tony Hardy in the first game and rode Bridges' serving streak in the second to a 15-12, 15-5, victory in the Section 3AAAA championship in their gym.

...cial message gave her food for thought.

"An intelligent person is one who recognizes his weaknesses. A successful person is one who does something about them," it read. It was signed "TNT" which stands for "Tough-N-Together," Payton said.

But what was Bridges' weakness?

"My serving," said the pig-tailed, 5-foot-2 inch senior. "When I was a freshman I couldn't even get it over. Tonight I was just concentrating on getting it over and getting it in."

Hardy displayed stunning athletic ability as the 6-foot-1 inch senior powered the Lady Seminoles from Sanford to a 7-4 lead in the first game.

Colonels' senior Cindy Springer and junior Missy Ginn teamed as server and spiker, and answered with three points to tie the score. But a double-hit and a ball out of bounds gave the lead back to Seminole, and Hardy jammed a fade-away spike to make it 10-7.

Moments later, Hardy was called for being in the net. Ginn responded with two more spikes and sophomore Michelle Sigman served three in a row to give the Colonels the lead, 13-12.

In the finale, Seminole jumped to a 4-0 lead before Bridges got the ball. With an assortment of serves, help from her teammates and plenty of miscues by the Seminoles, the score was 12-4 before a ball out of bounds ended the streak. Hardy added one more thunderous spike, but it wasn't enough.

"That TNT pulled us through," Payton said as she returned her teammates' hugs. "You've got to be together."

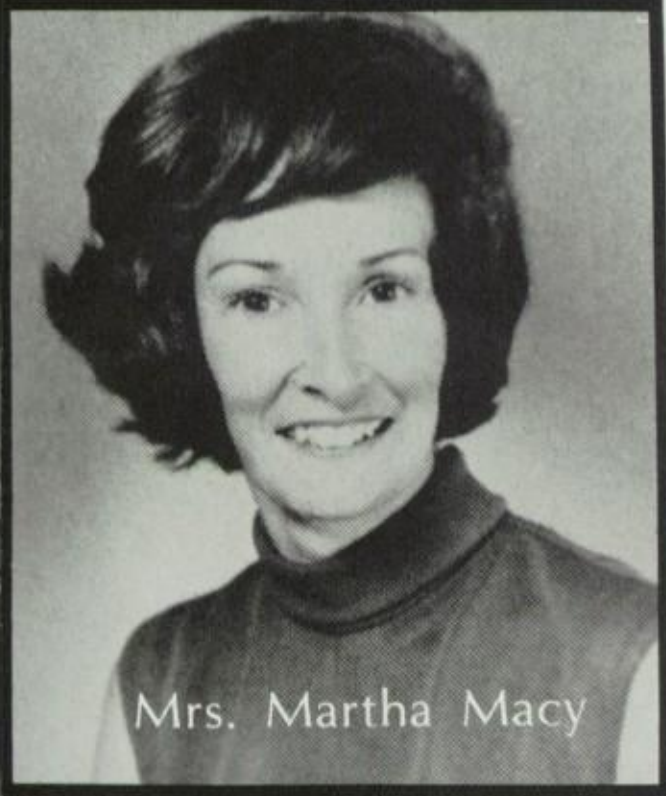
REFLECTIONS '82 salutes the 1981-82 Plantation Administration, Faculty and Staff with a special mini-yearbook.

In this section, Faculty members were placed in the division which corresponds with their years at our school. The mini-yearbook's opening is dedicated to Mr. Hanes, our school principal, and to Mr. Laughton, our assistant principal. Mr. Sworn, Mr. "Ski" and Dr. Chinn also share this honor as they serve as our deans.

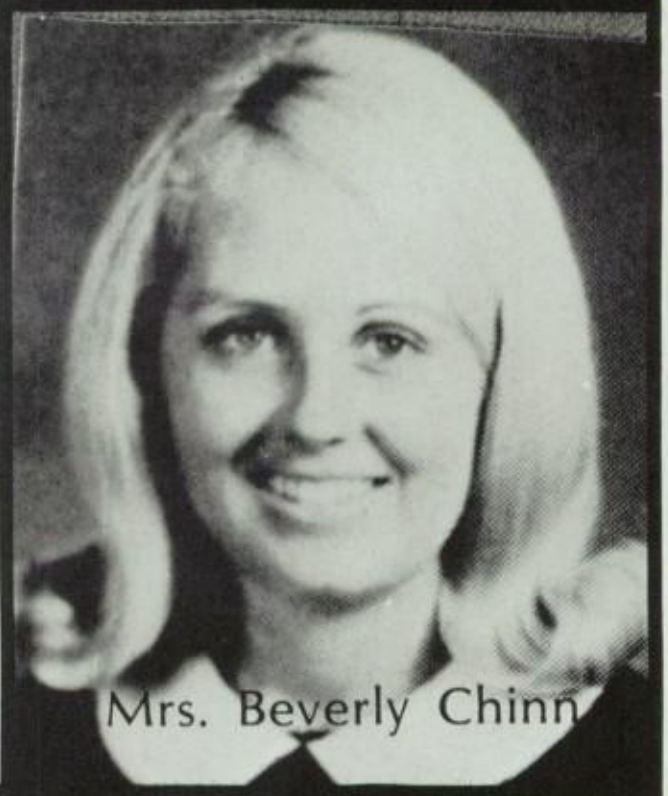
Support personnel are represented by the secretaries, security, library staff and cafeteria and custodial workers.

The Guidance Department helps determine our future vocations and assist in course selection.

While it is not practical to highlight each individual, we hope that this tribute will say what we feel.



Mrs. Martha Macy



Mrs. Beverly Chinn

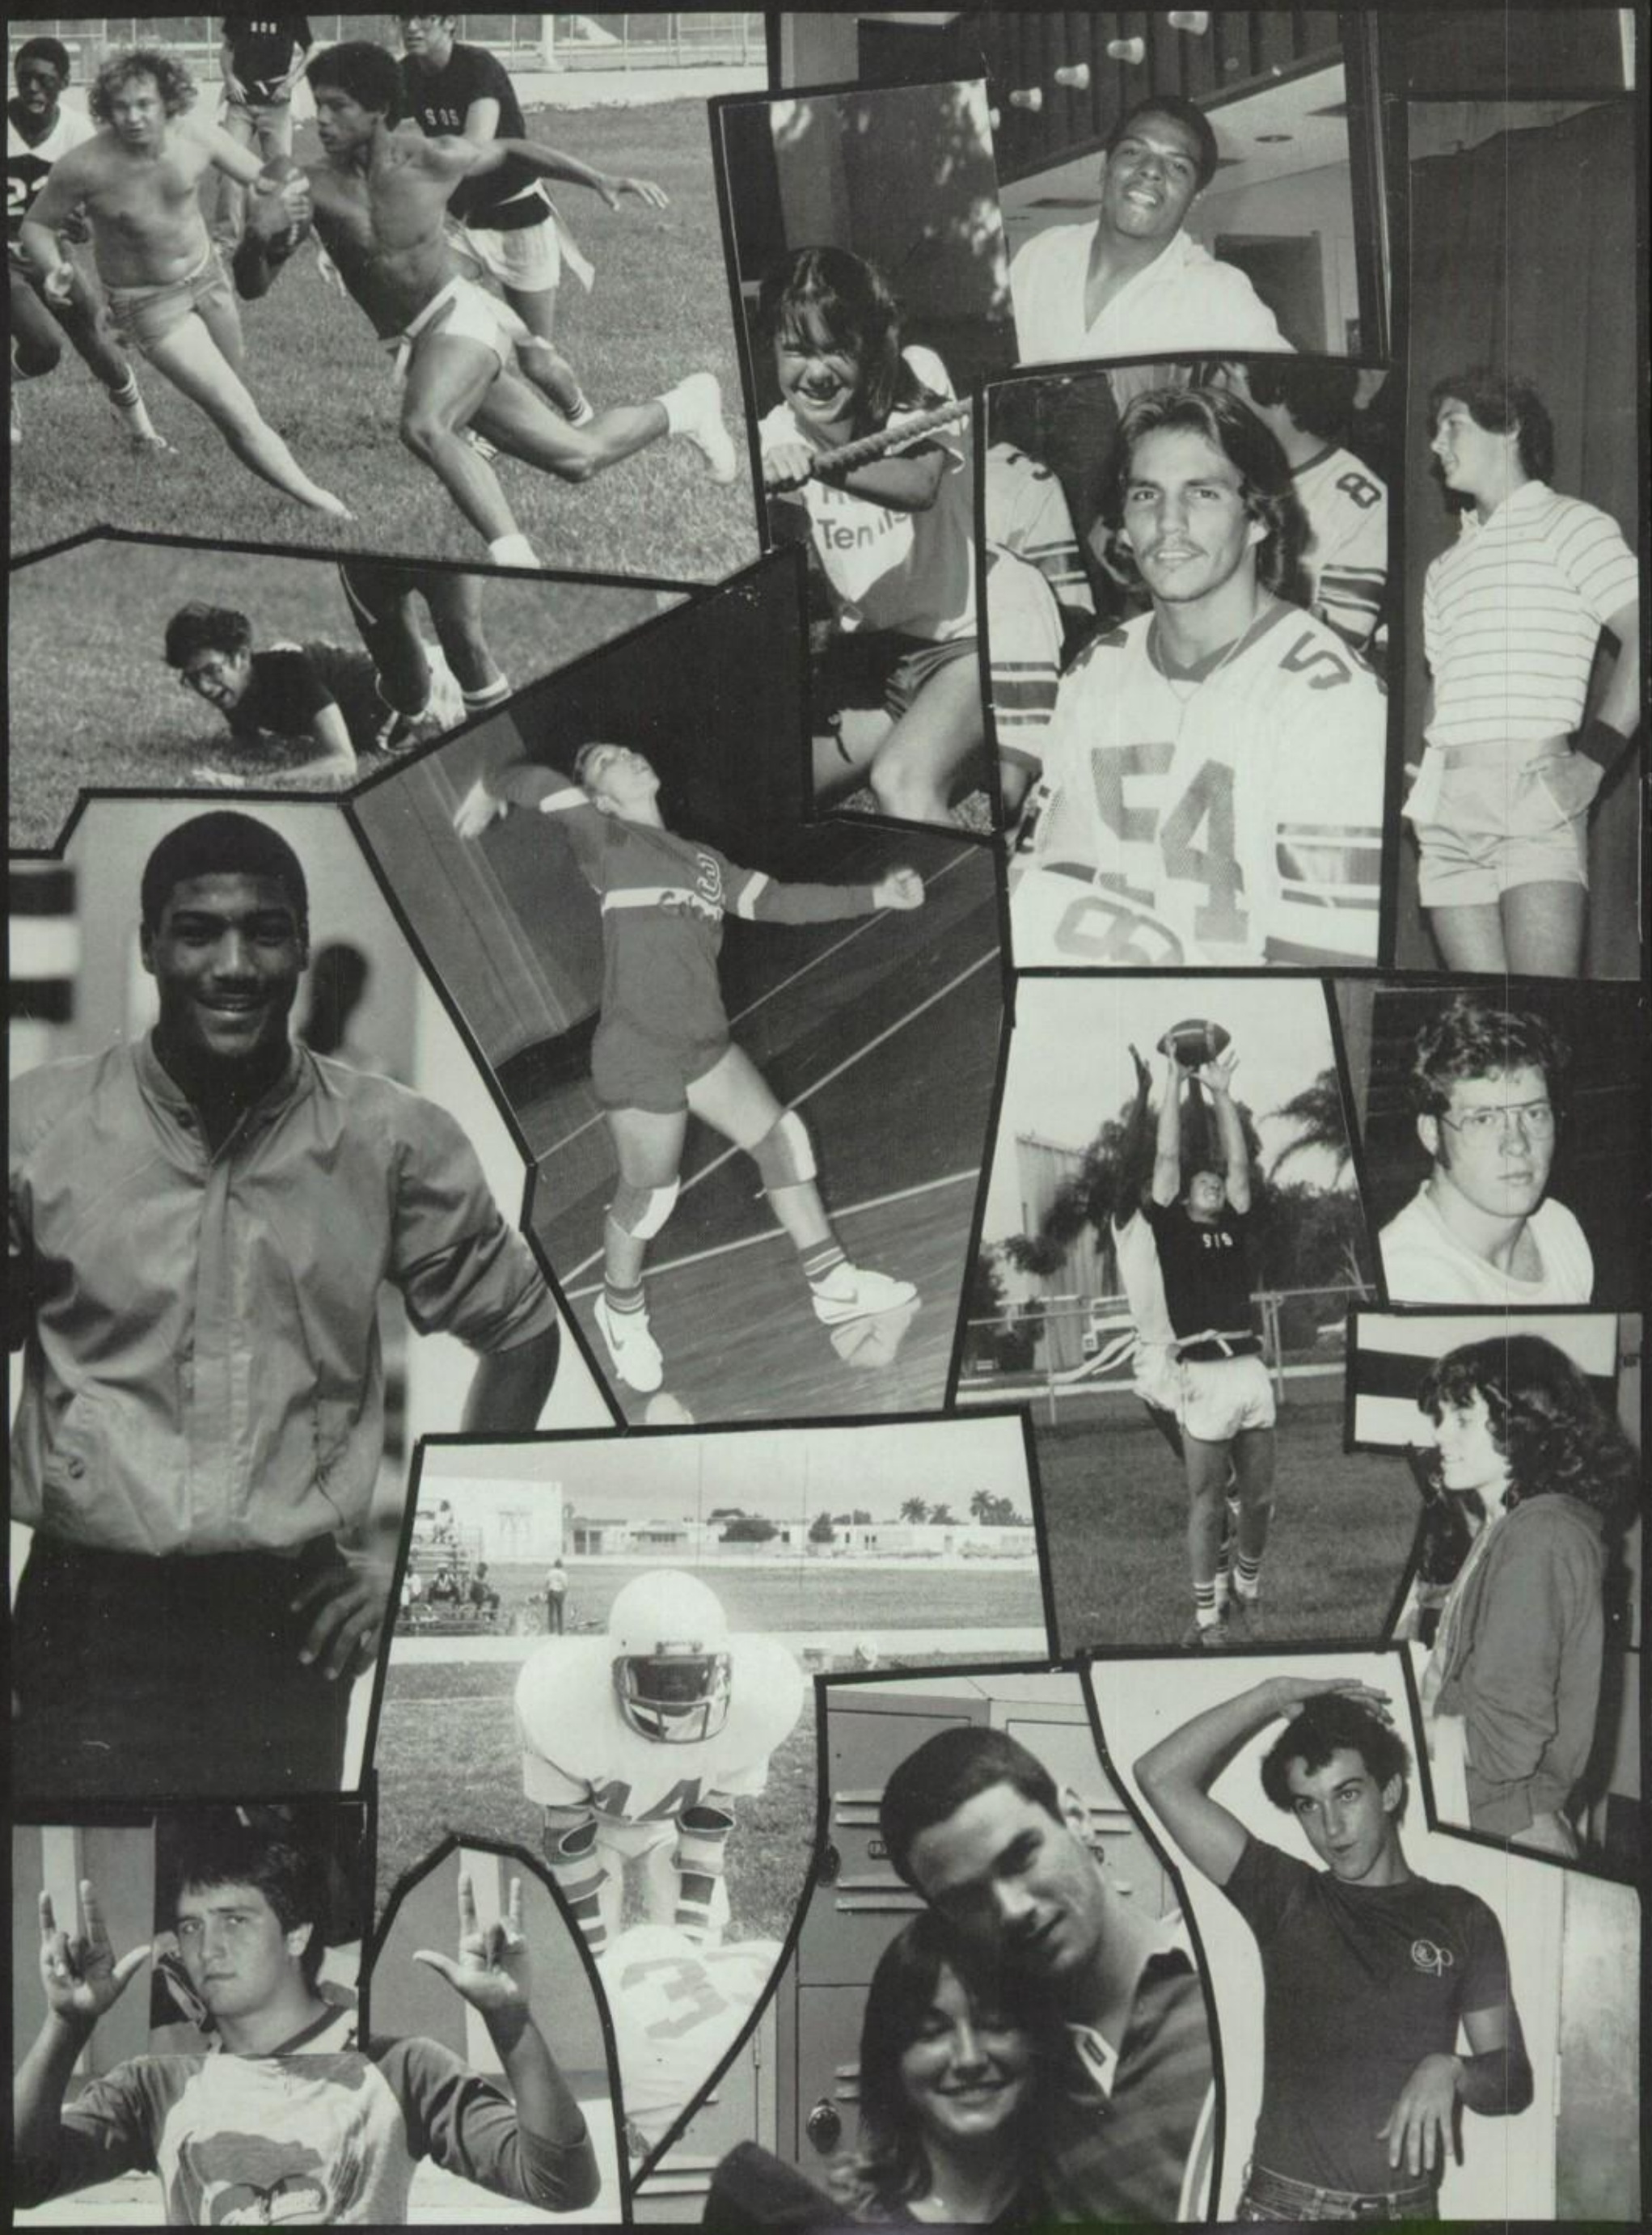
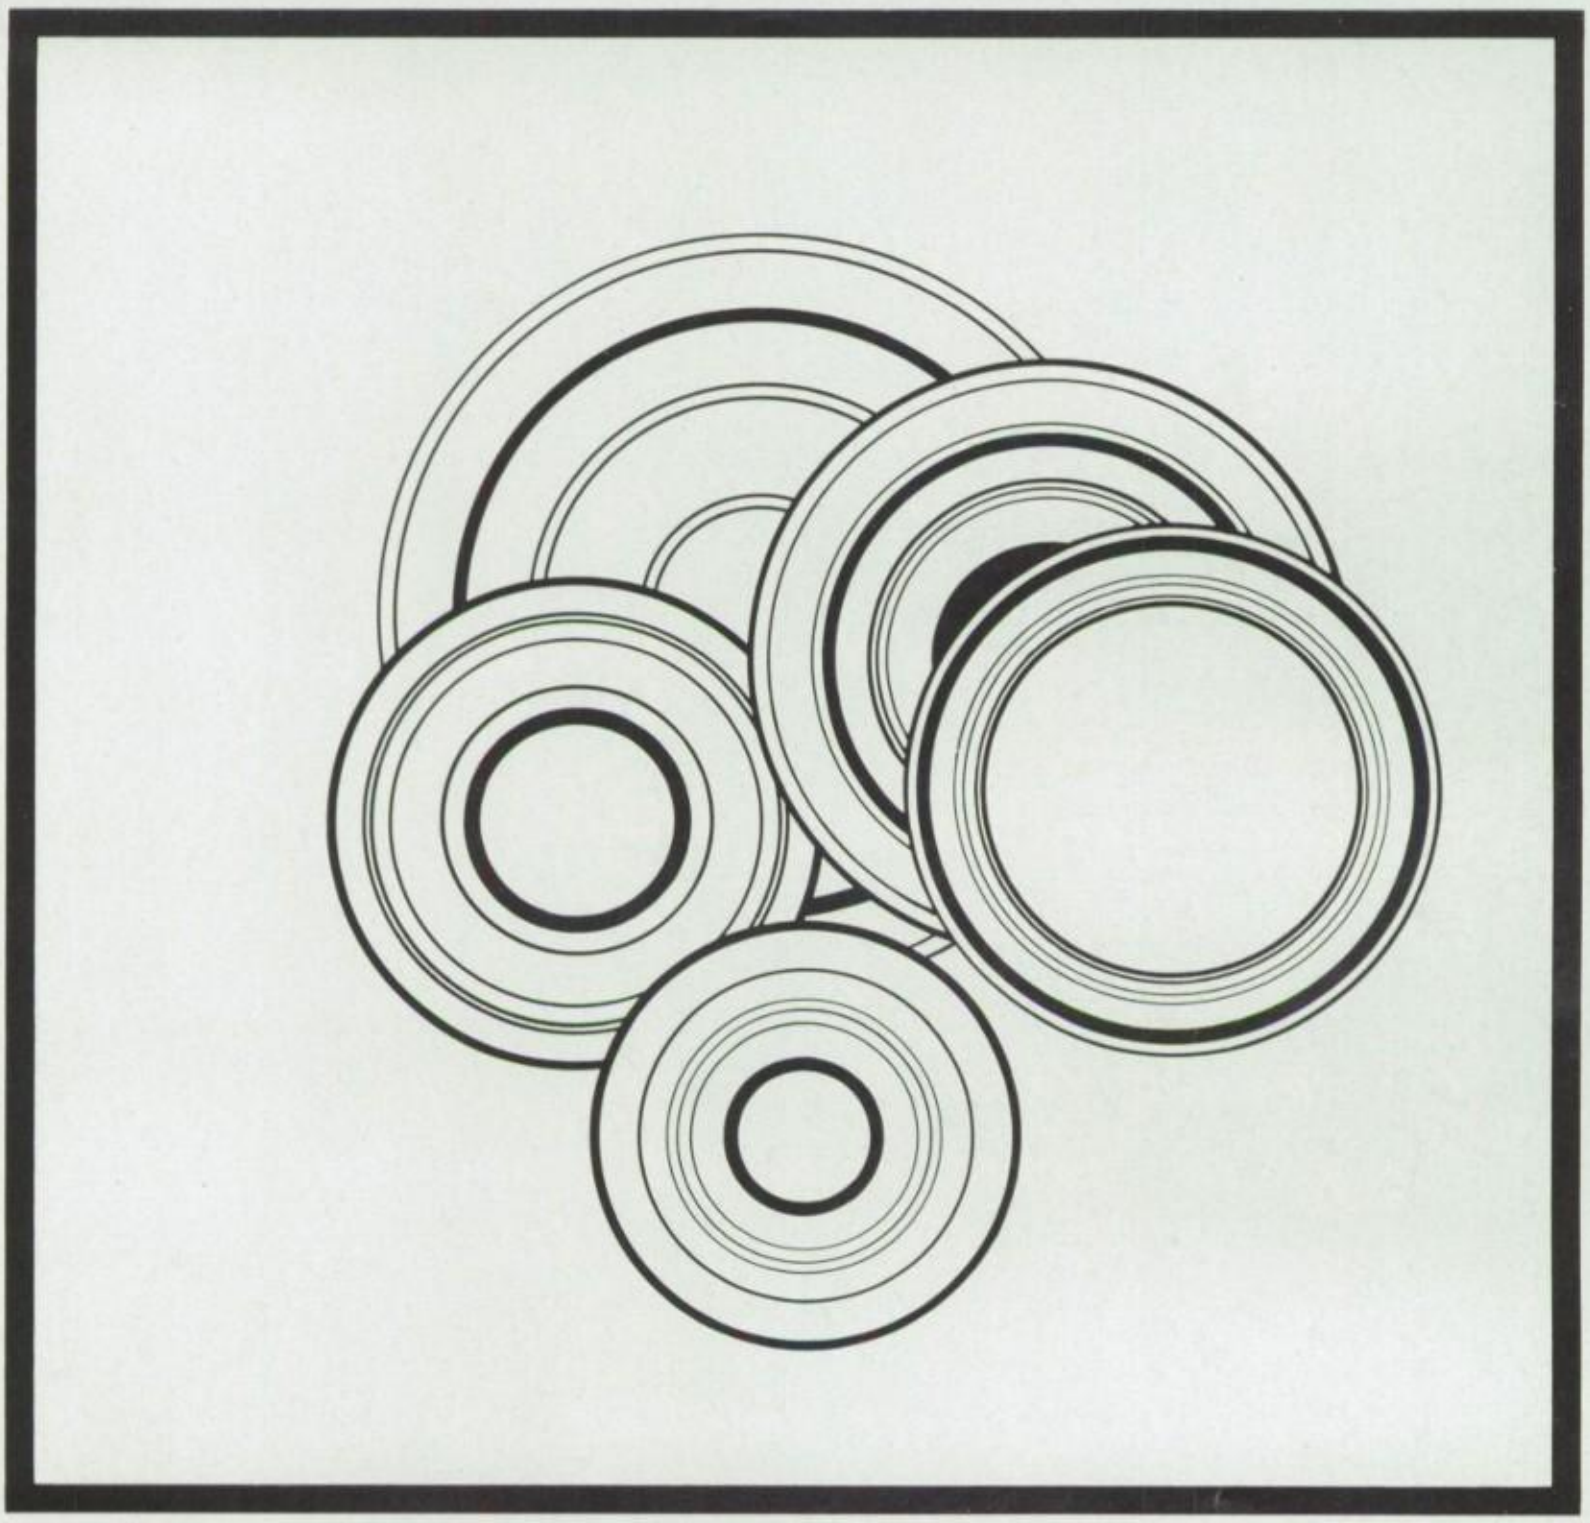
Mr. Mike Roland





Steve,

I am glad I met you this year in Physics. Your back row kept me from falling asleep 99% of the time. I'll never forget the time Cary hit Craig in the face as long as I live; it was so funny. Mr. Rushton all always came up with the dumbest jokes, but they were so stupid you had to laugh and half the time he didn't make sense or made something up. The trips to the store and bringing back food was great! We made through Chisholm's class, too. Good luck always! Love, Cindy

Hail our gracious Alma Mater
sing our praise to thee
loyal all our sons and daughters
cherish thine honor be
in the world may we prove true
guide our steps red, white, and blue
may thy spirit everlead us
Hail to Plantation High ...

Special Places

Personal time makes an individual grow as much as school time does. A teenager's time must be divided into many segments: school time, homework time, family responsibility time, and perhaps most importantly to the teenager, the time he calls his own.

Within the community there are places where teenagers gather to spend time with friends, acquaintances, and that special someone.

When these places are thought about, discussed, and ultimately remembered, it will be the trigger to many happy memories. Captured here are some of these places where Plantation High students spend their precious free time.

Casino Night

This year Casino Night was held in the cafeteria from 7:00 p.m. to 11:00 p.m. The theme this year was The Roaring Twenties. This theme was used the first year they held Spring Week and it turned out to be a success. The admission to get in was $.50 for fifty PHS dollars. Everyone saved the PHS money that they had won. Then they could use this money for the auction at the end.

Juniors???

As I walked around the school trying to find out the true meaning of a Junior the major consensus was this:

A Junior is someone who is trying to become a senior!! A large part of your Junior year is a decision making time. Am I going to college? Do I want to go away? Do I want to stay home? It is a trying period and a time for mixed emotions. Even though it is tough it is also a terrific year. So far there have been no fatalities due to Junioritis.

Junior Prom

This year the Junior Prom was held in the school cafeteria. This was due to the fact that past Junior Proms held outside of the school have lost money. Junior class President Sue Larder said "We are going to try to make the best out of the situation and really decorate the cafeteria." The cost of the tickets was lowered and that really increases the participation. Last year the Prom was held at the Inverrary Country Club and lost over $250.00. It is really more important to have alot of money for your Senior year because you want to make that Prom one of your most lasting memories.

Future Plans

The Sophomore class was sponsored this year by math teacher and coach, Charles Bowles.

The class raised money for their next years prom and many other various occasions.

They worked hard on making B.I.O.N.I.C. (Believe It Or Not I Care) buttons for spirit week back in November.

The Sophomores also sold candy and goodbye corsages for fund raisers.

Their school spirit was shown at all school activities. It is said that this years Sophomore class is definitely on it's way to becoming one of the best and rowdiest classes next year. Members of the Sophomore class also participated in the Senior Class Musical, "The Pajama Game" in both on stage and technical crews. They will form the foundation of the play for the class of '84.

Students listen to lecture.

Sophs. Learn

The sophomore class has made it through their second year at Plantation.

They've learned not to eat in the cafeteria; have finally mastered opening lockers, know how to treat a substitute, know what they can and can't get away with and they learned how to treat the freshman.

Looking ahead the future holds decisions and fun.

In the Junior year comes the prom and class rings.

In their Senior and final year there's deciding what college to go to and Grad-Nite.

Then they leave friends made during Plantation years.

Sophomore girl surprised by the sight of the camera.

Sophomore Future

As the end of the second year in high school the sophomore student is challenged with a two-fold responsibility. The first is to attempt to join the mainstream of Plantation High School. This can be done by joining such organizations as the Student Council, service clubs, intrascholastic and intramural sports and either the cast or crew of the senior class musical.

The other responsibility is to develop the academic background by taking a greater array of either career oriented or specialized course work in the elective field. A few of these are D.E.C.A., F.B.L.A., Journalism, Art, Chorus, speech, and the multi-shop facilities. These courses can be chosen to fill out a purely academic schedule.

Sophomore's get involved in the spirit competition.

A Freshman

A Freshman is someone who walks into school the first day asking for an elevator pass, and panicking while looking for their map of the school. You can always tell a freshmen, because they can never reach their locker, even if it's on the bottom row.

Your freshman year is one of the hardest years of your life, socially. You want to meet everyone you can so that you don't have to walk around the halls alone.

These thoughts were put together by a group of seniors. We just hope you make it through your freshman year alive. Good luck class of 85 . . .

Freshman boy still doesn't know how to dress.

Freshmen get involved in football.

The Beginning

This year the Freshmen class got involved in many activities. Their first project went underway during the 1981-1982 wrestling season. The Freshmen sold drinks and snacks for hungry wrestling fans. They also participated in hall decorating for Homecoming Week, and they decorated spirit banners for Spirit Week.

This years officers were elected at the beginning of the school year. They are as follows: Pres., Stephanie Henderson,; Vice Pres. Jennifer Feely; Sec. Maria Basombrio, and acting as Treas. Marcia Wolf.

GOOD LUCK CLASS OF 82

6907 W. BROWARD BLVD.

Dear Steve,

This year was a lot of fun and part of it came from getting to know you. I've never had as much fun as I did at Prom!! Between getting lost everytime we tried going anywhere, those Kamikazes, and getting stuck in that "lake" (among other things) how could we help but have a good time!? I really am glad I got to know you and now that we're getting ready to graduate I hope we can continue to keep in touch. We finally survived Mrs. "too-much-work" Chisholm! I hope that whatever comes your way in the future brings you lots of love (with Lisa) and happiness 'n! 'Cause if anyone deserves it, it's you! I'll be seeing you around at all the graduation parties and of course the famous Bahia Mar during the summer and then after that on ~~our~~ my breaks from F.S.U.!! Stay sweet, stay happy and take care of yoursely.

Good luck always...

Love,

Kathy

Steve,

It's been alot of fun over the years. Every time we get together we have a great time. 10th grade started it off with J.V. football and Eddies house. Always alot of fun to get together with you. You're one friend I want to keep after high school so lets stay in touch. We have too much fun to let it all be forgotten. I hope school is great to you and everything goes your way. We should be seeing each other quite a bit over the beach, at parties etc. summer, at the Good luck with that girl of yours. I know she's special to you.

Good luck in the future and take care of yourself.

Steve,

Well, where do I start? I'll begin by saying that I'm really glad I got the chance to meet you. You're a super sweet guy, so stay that way always! We've all had some really good times together & I'm sure they're just starting. We definitely have to get together over the summer. When we're all together we have such a good time. Even though I kind of knew you last year, I really started getting to know you this year. I'm glad! I'll never forget all of the times at my house for my little "get-togethers" and the one time when it wasn't so small. What about all of the times at 5th Street Park playing frisbee. One thing I'll never forget is the Honor Society Banquet. Now that was funny! Well, now that it's taken me all summer to sign your yearbook, I can definitely say we all had some terrific times over the summer. I sure am going to miss them. You & Scott better come down to Tampa a lot on weekends or else you will both be in big trouble. Don't worry, you'll be seeing us a lot up in G-ville! I'm really sorry it took me so long to sign this. I won't say keep in touch, because I know for sure we will. Take care and good luck in school! I'm sure going to miss all the good times! Love ya lots,

Deneen

They are available in classic cuts and unusual shapes. In traditional and rare natural colors. Loose and in stunning settings. All at prices understandably less than in ordinary jewelry stores.

We feature marquis, round, pear, emerald cuts. Also heart, butterfly, and cross shapes. In white, pink, canary yellow, orange colors.

In the Plantation Center Plaza on Broward Boulevard, ½-mile east of University. Call 583-0007.

Two paths from the same woods ramble
Each with it's own frustrations and successes
The signposts are measured to show the way
The end is not within sight but is just beyond tomorrow

As time slips through the hourglass of years
And experiences melt into memories, today's
Misconceptions turns into tomorrow's education

Steve,

I'm really glad we've become as close as we have. These last couple of months with you have really been special. I guess it's because you're such a special person. This year would not have been the same without you. Those first couple of months were pretty awkward, but I really do feel good with you now. I guess I have changed and if any of that change is because of you then I'm happy. I'll never forget all the times I've spent with you, especially States! No matter what we do or where we go I always have a good time when you're with me. Those days when I was on the cruise I really did miss you alot and I was always thinking about you. You really do mean more to me than anything else and I really do love you alot. Well, I don't really know what else to say or maybe I just don't know how I should say it. You really are a unique person and I really do feel lucky when I'm with you. I know what you mean when you say we should go out with our friends and how it's different for both of us because alot of our (not real friends) friends are different and it's seems like I'm always with mine anyway. But when I'm not with you I'm always thinking about and missing you. I don't really know how good that is. (I mean for me) I'm glad we're going to have the Summer together, I really didn't want you to go to New Jersey.

Reserved for Someone Special

I hope I can see you alot over the summer, because when we leave for school I'm going to miss you alot. I hope that you'll be able to come to Tampa sometimes because I really would like to keep things going between us even though we'll both be at school. But I guess we'll just have to see how our feelings are. But whatever happens I want you to know that without you this year would not have been even half as good. I had a great time at Prom and I really do appreciate you taking me. I'm glad that things worked out good on Grad Nite too! The only reason I got so mad at you is because I care alot about you and it kind of bothered me when that. Even though that did happen I had a great time when I was with you! Well Stephen, you've given me alot of good memories and I hope they won't ever end. I hope you do really good in school and that you're always happy. I love you more than you can imagine and thank you for being the person that you are.

I Love You alot!

Love Always,

Lisa

My Thanks to Those Who Cared

In order to put a good yearbook hard work and dedication are required. My thanks is extended to those staff members who were willing to give up extra time to get their pages right the first time. Also, to those people who gave up time to help do the many pages that had to be redone. Your effort was really appreciated and can be seen in the pages of the yearbook.

My thanks to the administration and faculty for their cooperation. It really helped.

My very special thanks to Marci, Karen, Liz — and of course, Mr. Kinder.

Aline Maurer
Editor-in-Chief

The 1981-82 Reflections yearbook was produced by the Reflections staff of Plantation High. Our book was published by Walsworth Publishing Co., and our representative was Tom Barnard. The cover was designed by Kathy Rice. The number of copies printed was 850 and each book contained 276 pages with a 24 page supplement. 80 pound mead double coated offset enamel was the type of paper used. The type style was Optima. The staff raised $7,000 by selling ads. Cecily Costello designed the faculty section cover. Mr. Dan Clark provided the cartoon artwork.

Steve,

These last four years have been pretty good. I'll never forget Mrs. Passiatore's class when she hit me with a book and her lust for her deceased. The women's insane. Then in Chemistry with good ole Slush and his music & terrible jokes. Then came our Senior year which was a real experiance with Mrs. Chisholm and her little tangents that she got off on. Then came physics where we did uh? um? Well absolutly nothing. Good ole ~~Master~~ Professor Rushton nothing like one of his lessons to put you in to a deep sleep at night. Good luck in college and I'll catch ya later probably at some party over the Summer.

your friend,

Tony

Steve,
Just remember
dead cats, Syracuse
and Iowa wrestling.
I expect to read about
you upsetting someone at
that school. We had a
great time doing absolutely
nothing in Physics + Psychology.
I'm sure we'll forget everything
we've learned in Chisholm's class.
Isn't looking back on school great
when you realize you haven't
learned one thing. Good luck at
College, wrestling, and your future.

Your friend,
Gary Freundlich

Dear Steve,

I remember when I first kind of met you. It was way back in old Brennan's class, I still remember the weird looks you gave Salisa & I, but you have to admit without us the class would have been a total bore.

Now four years later your going out with a very close friend of mine & I'm going (or hopefully) out with your brother. Well who would'a thought that to happen??? Let's be glad it did, o.k.?? Really though I'm happy for both of us & I think both you & Lisa are lucky to have each other. And Larry has been acting just great. Maybe some day you'll be my brother-in-law. I really enjoyed all the fun times we've all had Vegetta, Prom, Derens, the bowling alley (ha, ha), I know for sure there will be many more to be had, especially at college, I swear, you, Tom, Eric, Joanne, Larry & I will have to party a lot. I'm very (Scott just said "Hi" his drunk with curly hair like yours!) serious when I say that we all better remain as a group because we've been so close for so long that it would be a sin to split apart. Steve, you're a very special guy with so much kindness in you that I know where ever you go you will make people happy; I have proof of that through Lisa. I wish you guys a future that lasts forever. I want to thank you for helping things along with me & Larry, I really like him a lot & you two are the nicest brothers I've ever met, I know you won't change. Take care always.

L.B.V.S.S. U. of I. Fans! Class of 1982. Love,
Kim

Dear Steve,
It's over at PHS - Gainesville - here we come! It's been a great Senior year - but college is going to be better! I'm glad I got a chance to spend a lot of the year with you - we had a lot of great times at parties & prom & grad nite! So many things to do ahead of us will make our future worthwhile! This summer is definately going to be the "best" summer yet. Steve, you're a super sweet guy & I really enjoy being around you - you really know how to have a "terrific" time. Remember NHS banquet? HA HA - That was funny. I hope there's many more times ahead of us like the memories we have of our past years.
Lisa couldn't have picked a better person than you to be seeing & I hope the "best" of everything comes your way. I mean that! You're a great person to be around. Just be careful over the summer - we're gonna need you at UofF! Take care & be good. Have a fantastic future & super summer - see ya at the beach (w/ your cooler!)
Lots of luv,
Joni

Dreams come true

Good luck in '88!

Paul,

The year is coming to an end, and I'm just starting to get to know you. I wish we could have become friends earlier in the year. You really are a sweet guy with everything going for you. I hope that all your wishes are fulfilled... okay enough mushie gushie stuff! This has been a great year filled w/ parties & fun, and I'm sure the summer will be the same way. GRADUATION TIME

The Class of '82 held its graduation on Sunday, June 5, at the War Memorial in Ft. Lauderdale at 3 p.m.

Marching in to the music of "Pomp and Circumstance", class members filed into assigned seats. Dressed in the traditional cap and gowns, it resembled a sea of white as everyone waited to be called on stage for their diplomas.

After the ceremonies, speeches and distribution of diplomas, the new graduates marched out to the music of "Star Wars" and into a future they would now control.

With fingers raised showing that they were "Number One", Plantation High School's Class of '82 marched into history.

Colors from the rainbow hue
Memories are a shade of white
Pressed into a moment's delight
Four years seem to fly by
Just a flicker in the mind's eye
The dance, the play and the game
Are transformed into memory's Hall
Of Fame

Today and all the yesterdays seem
Just a part of tomorrow's dream

A freshman entering the halls of school
A senior with education as a tool
A special friend that lasted years
A hug, a kiss — the shedding of tears
A walk across graduation stage
And life begins a whole new page

Remember moments with fire aglow
Remember moments only you know
As you chart the courses new
Remember what four years meant to you

Steve,

I can't believe it's really no that's leaving! This year has been a great one! I'm really glad that I've gotten to know you better! You are a super sweet person and I feel I've known you so long because we have one large thing in common, my best friend. She is a big part of my life as I know she is of yours. I'm only glad that she found someone like you to give her heart to. Please cherish it as I know you will! I'll never forget our adventure at states, or your food! I hope you always have reason to wear that cute smile, and may all your wishes and dreams come true!

Love, Sabie.
